Corporate Governance

Accountability

We conduct our business with high standards of corporate governance to ensure responsible direction and management of the Group and to achieve sustainable value for our shareholders and other stakeholders

In setting our standards, the Board considers the needs and requirements of the business, its stakeholders and the Corporate Governance Code (the “Code”) of The Stock Exchange of Hong Kong Limited (the “Stock Exchange”).

Throughout the year ended 31 December 2020, the Group has complied with all code provisions of the Code as set out in Appendix 14 of the Rules Governing the Listing of the Securities on the Stock Exchange (the “Listing Rules”). The Group adopts all the recommended best practices under the Code except that the Group publishes a quarterly trading update, instead of quarterly financial results. The Board considers this format provides shareholders with the key information to assess the performance, financial position and prospects of the Group’s business following on from the full year and interim results.

The Board of Directors

Board Composition And Responsibilities

As at the date of this Annual Report, the Board comprises ten Directors (two of whom are female): the Chairman, two Executive Directors and seven Independent Non-executive Directors (“INEDs”). The number of INEDs exceeds the Listing Rules requirement that INEDs shall represent at least one-third of the Board. The Board of Directors has expertise in the areas of shipping, commodities, accounting, corporate finance, financial services, law and marine technology and is collectively responsible for directing and supervising the affairs of the Group. The biographical details of each Board member are set out in the “Our Directors” section of this Annual Report.

All Directors have disclosed to the Company the number and nature of offices they hold in Hong Kong or overseas listed companies or organisations and other significant commitments, as well as the identity of such public companies or organisations. During the year ended 31 December 2020, all Directors have given sufficient time and attention to the Group’s

affairs. In accordance with the Company’s Bye-laws, at each annual general meeting (“AGM”) one-third of the Directors for the time being (rounded up if the number is not a multiple of three) shall retire from office by rotation on the basis that every Director should retire at least once every three years.

An effective Board is key to setting the strategic direction and policies of the Company and is achieved through a combination of fresh perspectives and a long-term understanding of shipping cycles. We lay out below some of the important criteria in achieving an effective Board:

■ Dynamic Board Composition

Since listing in 2004, there have been a total of 24 Board members, and currently the Board comprises 10 members.

During the last five years, the changes in the number of Executive Directors and Independent Non-executive Directors are as follow:

	At 1 Jan 2016	Movements		At 31 Dec 2020
Executive Directors	4	-2	+1	3
Independent Non-executive Directors	5	-1	+3	7
	9	-3	+4	10

■ Board Nomination and Diversity

The Nomination Committee applied the nomination criteria and principles of appointment according to the Company’s Nomination Policy and the Board Diversity Policy in identifying people suitably qualified to become Board members.

The Board recognises the importance of diversity in its composition to bring significant benefits in enhancing its decision-making ability. Diversity incorporates a number of different aspects, such as industry and professional experiences, cultural and educational background, gender and age.

Diversity & Equal Opportunity

In November 2020, Mr. John Williamson was appointed as an Independent Non-executive Director and has become a member of the Audit Committee. Mr. Williamson brings with him strong financial and governance experience.

In January 2021, Executive Director and Chief Executive Officer Mr. Mats Berglund tendered his formal retirement notice and will offer himself for re-election at the 2021 AGM to serve on the Board until 30 July 2021. The Company has appointed Mr. Martin Fruergaard as his successor who will join the Board on 2 July 2021. Further details can be found in the Company’s announcement dated 20 January 2021.

In addition, both Mr. Patrick Paul and Mr. Alasdair Morrison have indicated their intention to retire at the conclusion of the 2022 AGM if re-elected at the 2021 AGM. The Board intends to appoint Mr. Williamson as the Chairman of the Audit Committee with effect from the conclusion of the 2021 AGM.

■ Separate Formalised Roles for the Chairman and Chief Executive Officer

The Chairman oversees the executive team and meets regularly with the CEO on the operations of the Group. He has in the past provided continuity of management during periods of change, hence safeguarding long-term management leadership. The Chairman is responsible for reviewing proposed plans for the Group prior to presentation to the Board. His review focuses on the long term strategic matters such as capital structure and fleet growth as well as the more immediate operational matters related to debt levels, cash flow, cash balances, risk assessment, other required capital expenditure as well as shareholder considerations.

The CEO carries out the day-to-day management and execution of the Group's activities and strategic initiatives. He formulates and proposes Group strategy and policy to the Board. He also ensures timely dissemination of appropriate information to the Board members to enable their active contribution to the Group's development.

- **Executive Directors Commitment to the Business Activities of the Group**

The Executive Directors are required to devote all of their active or contracted business time to the business and affairs of the Group and are not permitted to engage in any other business which is in competition with that of the Group.

- **Role of the INEDs**

The INEDs play a key role in protecting shareholders' interests. They bring a broad range of financial, regulatory, technical and commercial experience and skills to the Board, and enhance the effective strategic management of the Group through independent, constructive and informed contributions. The INEDs provide a long-term view of the business development through shipping cycles and offer views that go beyond the short-term market movements.

- **Assessment of INEDs' Independence**

The Board considers that all existing INEDs bring strong independent oversight and continue to demonstrate independence. All seven INEDs have given written confirmation to the Company about their independence in compliance with Rule 3.13 of the Listing Rules, and the Board continues to consider them to be independent.

Dr. Tikka holds cross-directorship with Mr. Berglund since they both serve on the Board of the Company and as non-executive directors at Ardmore Shipping Corporation. However, given that Dr. Tikka occupies a non-executive role in both companies and she and Mr. Berglund each hold less than 1%

of the number of issued shares in both companies, the Board considers that such cross-directorship would not undermine the independence of Dr. Tikka with respect to her directorship at the Company.

In addition, in light of Mr. Williamson's current position as an independent non-executive director of Hong Kong Exchanges and Clearing Limited (HKEX), in order to properly address any potential conflict of interest that may arise, Mr. Williamson will not be involved in any way in any communications with The Stock Exchange of Hong Kong Limited or the Securities and Future Commission in relation to any listing compliance matter of the Company as long as he remains a director of HKEX.

- **INEDs' Period of Office**

The Board selects INEDs based on their qualification and experience and hence their ability to contribute to the affairs of the Group, and of overriding importance is their possession of a mindset that is independent and constructively challenges management's views. Although some INEDs do not necessarily have a shipping background, their familiarity with the business and the industry over the years has enabled them to contribute to the management of the risks involved as well as add to the diversity of the skills and perspectives of the Board. Independence from executive management is particularly important as the Group has no controlling shareholder. Continuity of the INEDs provides stability to the Board's decision-making process, compensating for any turnover in the executive management team. The Board believes that the long tenure of some of the INEDs does not compromise their independence but instead brings significant positive qualities as referred earlier. The Board, however, recognises the importance of succession to balance the mix of deep understanding of the Group's business with fresh ideas and perspectives. Over

the last six years, a total of four INEDs have been appointed. The Board has and will continue to periodically seek new INEDs to join the Board so as to sustain its source of independent views.

Directors' Continuous Professional Development

All Directors are encouraged to participate in continuous professional development to develop and refresh their knowledge and skills as required by the Code. With the assistance of the Company Secretary, all Directors receive updates on legal, compliance and regulatory issues of Hong Kong, updates on the industries and the markets in which the Group operates as well as updates on significant changes in financial accounting standards. Relevant reading materials were also identified by the Company Secretary during the year and records of training of all Directors have been provided to the Company Secretary.

All new directors receive an induction upon their appointments to the Board with the key objective of assisting them in understanding their duties and responsibilities for being a director, the Company's business, governance and Board and committee dynamics.

Board Evaluation

The Board has carried out a self-assessment this year led by the Chairman by way of a questionnaire to evaluate its own performance during the year with an aim of ensuring continuous improvement in its functioning which in turn would influence and impact the business. Directors' feedback was analysed and discussed in meetings. The evaluation concluded that the Board operated effectively during the year.

The Board considers that its composition, size and structure are appropriate to the Group's business needs, reflecting a diversity of perspectives and a desirable combination of skills and experience. Succession planning continues to receive close monitoring and the Board will undertake appropriate recruitment having regard to the retirement plan of individual directors.

The Board and its members' responsibilities

The Board is accountable to the shareholders of the Company and its primary responsibilities are to:

- Develop the Group's long-term corporate strategies and broad policies
- Approve budgets and business plans
- Approve acquisition or disposal of investments and assets in particular those that require shareholders' notification or approval under the Listing Rules

- Oversee the management of the Group, including the design, implementation and monitoring of the risk management and internal control systems
- Prepare accounts and financial statements of the Group
- Monitor the Group's operating and financial performance
- Lead corporate governance and sustainability

- Assess the achievement of targets set by the Board periodically
- Oversee matters that may involve a conflict of interest of a substantial shareholder or a Director

The Board delegates certain responsibilities to Board Committees outlined below. Executive Directors are delegated authority to oversee the Group's business operations, implementation of strategies laid down by the Board, and the making of day-to-day operating decisions.

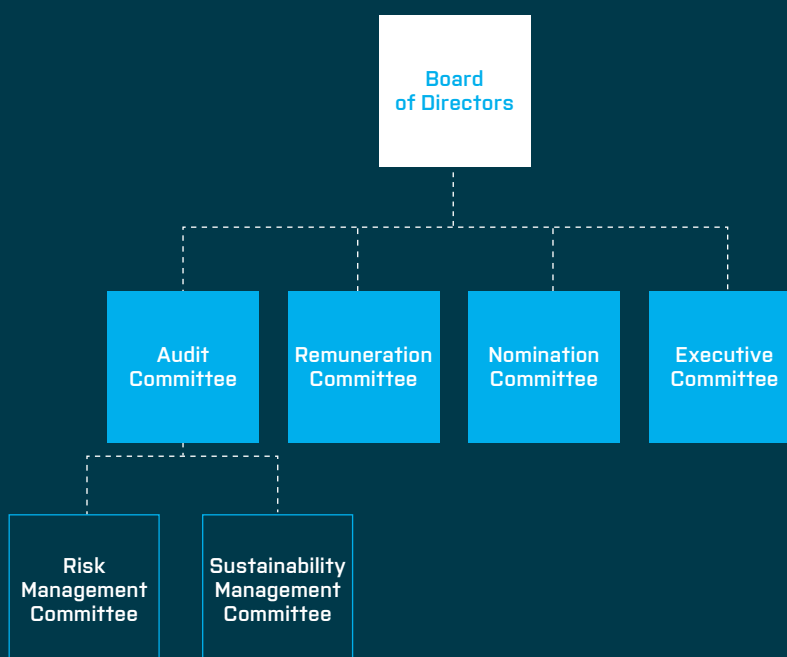

Board Committees

The Board has established the Audit, Remuneration and Nomination Committees in accordance with the Code and all members of these three Board Committees are INEDs.

The Board also operates through an Executive Committee to streamline the decision-making process of the Company in certain circumstances. The terms of reference of these Board Committees are available on the Company's website. 

Decisions made by the Board and the Board Committees are based on detailed analyses prepared by the management which include:

- monthly operations performance analysis;
- periodic asset investment and divestment proposals; and
- periodic Board meetings to evaluate management's strategic priorities.

Board, Board Committee and General Meetings in 2020

The meetings schedule of the Directors and Board Committees is planned a year in advance in order to facilitate participation by all members of the Board and Board Committees. The Board has four regular meetings annually focusing on business strategy, operational issues and financial performance. The attendance of each Director at Board meetings, Committee meetings and general meeting in 2020 are set out below. The Board continued to record healthy attendance at Board and Board Committee meetings demonstrating strong commitment of the Directors in discharging their duties.

- the conversion price adjustment of the Group's convertible bonds due 2025 and the related announcement in April 2020; and
- announcement of further precautionary measures for the 2020 annual general meeting.

Risk Management & Internal Controls

The Group's risk governance structure is based on a "Three Lines of Defence" model, with oversight and directions from the Board and Audit Committee.

Framework

The risk management and internal control systems are to help the Group achieve its long-term vision and mission and business sustainability by identifying and evaluating the Group's risks and formulating appropriate mitigating controls to protect our business, stakeholders, assets and capital. Risk management and internal control systems are embedded in our business functions and we believe that they enhance long-term shareholder value. The risks of the Group are subject to and are directly linked to the Group's strategy.

The Board oversees management in the design, implementation and monitoring of the Risk Management and Internal Control Systems, which are designed to manage rather than eliminate the risk of failure to achieve business objectives, and to provide reasonable but not absolute assurance against material misstatement or loss. A review of their effectiveness are conducted annually by the Risk Management Committee ("RMC") and reported to the Board through the Audit Committee. The primary responsibility for detailed risk identification and management lies with the respective business units.

The RMC, reporting to the Audit Committee, is responsible for strengthening the Group's risk management culture, ensuring the overall framework of risk management is comprehensive and responsive to changes in the business and market, and managing the internal audit function. It regularly reviews the completeness and accuracy of risk assessments, risk reporting and the adequacy of risk mitigation efforts.

As the first line of defence, individual business units identify operational risks, develop and implement respective controls. These activities are monitored and evaluated by division heads and relevant staff managers, and are overseen by the RMC as the second line of defence. As the third line of defence, internal/external reviews are regularly conducted and reported to the Audit Committee charged with the role to ensure that the enterprise risk management arrangements and structures are appropriate and effective.

The Group has in place a risk management and internal control framework that is consistent with the COSO (the Committee of Sponsoring Organisations of the Treadway Commission) Enterprise Risk Management (ERM) - Integrated Framework and has the following five components:

- **Governance and Culture**

The Group has reinforced enterprise risk management culture, including ethical values, desired behaviours and risk appetite. Sound organisational structure is established to delegate business functions to respective business units within limits set by the head office management or Executive Directors in the pursuit of the Group's strategy and business objective.
- **Strategy and Objective-setting**

The Board meets on a regular basis to discuss and agree on business strategies, plans and budgets prepared by management. The Board considers business context and risk implications when establishing strategies to ensure that they align, support and integrate with the defined vision and mission.
- **Performance**

The Group identifies, assesses and prioritises the risks that are most relevant to the Group's success according to their likelihood and impacts. Based on the risk assessment, mitigation plans or controls enhancement are developed and implemented by individual business units. The result of this process is reported to the Board by the RMC annually.
- **Review and Revision**

The Group continuously reviews its risk framework in light of substantial changes and pursues improvements of enterprise risk management.
- **Information, Communication, and Reporting**

The Group encourages obtaining and sharing information, from both internal and external sources, which flows up, down and across the organisation. Information systems, channels and reporting tools are established and regularly upgraded to support enterprise risk management communications of the Group.

The Risk Management Committee

Membership

Chairman: Mats H. Berglund

Members: Chief Financial Officer, Director of Chartering, Director of Risk, Risk and Internal Audit Manager

Main Responsibilities

1. Strengthen the Group's risk management culture.
2. Facilitate the identification of significant risks of the Group.
3. Review significant risks of the Group through an annual risk assessment with division heads.
4. Review and recommend appropriate internal controls and policies.
5. Develop internal audit plan.
6. Manage the annual risk assessment and testing of internal controls.

Work Done in 2020

The RMC met three times during the year and reported to the Audit Committee twice on the annual risk assessment and internal controls review. The work undertaken included the following:

- audit and review internal controls based on the audit plan;
- perform annual risk assessment by way of an online questionnaire and review the input in collaboration with division heads;
- review the Group's significant and emerging risks with division heads;
- report to the Audit Committee the management of the marine related and other insurances;
- report by way of deep dive review to the Board the management of vessel sales and purchase;
- assist in the enhancement of the Group's Environmental, Social and Governance (ESG) Reporting in light of the upgraded ESG Guide of the HKEX;
- conduct in-house anti-bribery training for shore-based employees to further bolster the Group's anti-corruption culture;
- conduct business continuity drills and webinars to simulate a situation of business disruption in the event of a shutdown of essential IT systems;
- review and assess the impact of Covid-19 pandemic on our business;
- review and assess the impact of Hong Kong political instability on our business; and
- review and assess the potential impact of the suspension of the US-Hong Kong reciprocal tax exemption on shipping income.

Annual Assessment of Risk and Internal Controls

The Group carries out an annual risk assessment by way of an online questionnaire completed by senior staff members with the objective to improve the design and the effectiveness of the Group's internal controls. Any changes in risk profile and related mitigating measures, new risks and other proposal in risk management are evaluated and documented in the Group's risk register. The impact of risks, mitigants and recommendations are communicated to the relevant business divisions.

The mitigating controls of the Group's risks are reviewed and tested periodically by the RMC. The frequency of testing of individual internal controls is by reference to the ranking of the underlying risk areas and the strategy of the Group. The Group adopts a peer review format in its annual testing of internal controls by appointing appropriate staff members auditing selected controls of departments other than their own.

The criteria for assessing the effectiveness of internal controls are based on whether the mitigating controls have been operated and enforced throughout the period being reviewed. Findings and recommendations are communicated with the relevant division heads and staff to formulate appropriate measures to refine or enhance controls, or rectify any control deficiency.

The RMC conducts regular meetings with division heads and managers at the headquarters and regional offices so as to keep abreast of issues and new risks that are embedded in business operations and to refine or enhance existing procedures and controls in line with business needs and market changes. The Group has a robust mechanism of regular reporting of key business and operations performance to both management and the Board, which is a key element of a healthy risk management system.

The Group also conducts annual customer and investor surveys which generate feedback that we act on to further enhance the quality of our service and our investor relations and corporate governance practices.

Effectiveness of the Risk Management and Internal Control Systems

The RMC reports at least twice a year to the Audit Committee which regularly assesses the effectiveness of the risk management and internal control systems as the Group develops. Such systems are crucial for the fulfillment of the Group's business objectives. The Audit Committee reviews how management designs, implements and monitors those systems, the findings, recommendations and follow-up procedures of the annual risk assessment and internal controls testing, as well as the Group's risk register and management's confirmation on the effectiveness of the Group's risk management and internal control systems, and reports to the Board annually.

In respect of the year ended 31 December 2020, the Board, with confirmation from management, considers the risk management and internal control systems effective and adequate. No significant areas of concern were identified.

Sustainability Management

The Group's business draws on and impacts resources and relationships it relies on to create value. Its operations have an effect on the environment, its stakeholders and society, and have a bearing on the long-term sustainability of its business.

The Group's active approach to sustainability is rooted in its culture and, governed by policies and systems, is integrated into its daily business behaviour and operating practices. The Group believes that many of the responsible actions it takes – its commitment to sustainability – makes it competitively stronger and enhances its financial performance, reputation and the longevity and future value of its business.

ESG metrics are increasingly used by stakeholders to analyse a business' environmental, health and safety, community and ethical impact and sustainability practices.

Sustainability Governance

The Board is responsible among other things for the development of the Group's long-term corporate strategies and broad policies. In setting its standards, it considers the needs and requirements of the business, its stakeholders, the Corporate Governance Code and ESG Reporting Guide encompassed in the Stock Exchange's Rules governing the listing of securities.

As such, the Board has overall responsibility for, and is engaged in, the Group's sustainability strategy and reporting, including identifying, evaluating and managing ESG-related risks, and ensuring appropriate and effective ESG risk management and internal control systems are in place. Management provides confirmation to the Board of the effectiveness of these systems. The Board also reviews progress made against ESG-related goals and targets.

The Board delegates to the Audit Committee (now comprising five Independent Non-executive Directors) more specific responsibility for reviewing the effectiveness of the Group's sustainability initiatives, and reviewing the work of the Sustainability Management Committee ("SMC").

SMC Formed in 2020

The Group's SMC was formed in 2020 and comprises the CEO, CFO and six senior executives from different functions. It will report to the Audit Committee at least twice a year, and is responsible for reviewing, assessing and enhancing the Group's sustainability policies, strategies and performance, and ensuring the Group is in full compliance with ESG requirements. This approach affirms and enables the Group's commitment to sustainability, and ensures that members with different backgrounds and expertise are represented to deliver meaningful outcomes.

In 2020, the SMC met three times and reported to the Audit Committee on work done during the year.

Day-to-day Implementation

Day-to-day execution of sustainability initiatives and sustainable business practice lies with managers across the business, most notably the Fleet Director (supported by his senior managers covering technical operations, fleet personnel and risk, safety & security), the Commercial Operations Director, the CFO and the Human Resources and Administration Director.

The Sustainability Management Committee Membership

Chairman: Chief Financial Officer

Members: Chief Executive Officer, Director of Chartering, Director of Operations, Director of Fleet Management, Director of Group HR & Admin, Director of Corporate Affairs, Director of Risk, Manager of Risk Management

Main Responsibilities

1. Oversee and execute the Group's sustainability strategy.
2. Review and ensure proper disclosure and compliance with the ESG Guide of the Hong Kong Stock Exchange.
3. Review the annual materiality assessment of ESG risks.
4. Review the internal procedures and system for the maintenance and generation of appropriate and accurate KPI data.
5. Present and regularly report to the Board on sustainability performance.
6. Make recommendations to enhance sustainability strategies and practices.

Work Done in 2020

The SMC met three times during the year and reported to the Audit Committee on the Group's sustainability programme and performance. The work undertaken included:

- review and discussion about the materiality assessment of ESG topics and risks with reference to the Company's strategy and industry relevance;
- review of the proposed environmental KPI targets and steps to achieve them with a recommendation to the Board for approval;
- review and assessment of opportunities for carbon offsetting in the shipping industry;
- reviewed and recommended enhanced supply chain ESG management initiatives; and
- review of the terms of reference of the Sustainability Management Committee.

Compliance with ESG Guide

In preparing our Sustainability Report, the Group has followed the ESG Guide as set out in Appendix 27 to the Listing Rules of the Stock Exchange and has referenced other international sustainability reporting standards. We monitor developments and trends in areas of sustainability and sustainability reporting to better meet the expectations of our stakeholders in light of evolving business and regulatory requirements.

2030 Environmental KPI Targets

In 2020, to support the Group's long-term sustainability strategy and to comply early with new requirements of the ESG Guide, SMC implemented environmental KPI targets endorsed by the Board, details of which can be found in Pacific Basin's Sustainability Report. Setting and disclosing these targets is key to improving the Group's ESG performance and the overall sustainability of its business.

Handling Inside Information

The Group adopts procedures and internal controls for the handling and dissemination of inside information.

- It conducts its affairs with close regard to the disclosure requirement under the Listing Rules as well as the “Guidelines on Disclosure of Inside Information” published by the Securities and Future Commission.
- The Group’s corporate communication policy governs communication with third parties and, in particular, procedures for responding to external enquiries about the Group’s affairs so that designated personnel are authorised to do so.
- It has implemented and disclosed its policy on fair disclosure by pursuing broad, non-exclusive distribution of information to the public through channels such as financial reporting, public announcements and its website.
- It stipulates in its Code of Conduct a strict prohibition on unauthorised use of confidential or inside information.

Directors – Remuneration and Share Ownership

Details of the remuneration and share ownership of the Directors are contained in the “Remuneration Report” and “Report of the Directors” sections of this Annual Report. 

Directors’ Securities Transactions

The Board of Directors has adopted the Model Code for Securities Transactions by Directors of Listed Issuers, as set out in Appendix 10 of the Listing Rules (the “Model Code”).

The Board confirms that, having made specific enquiry, the Directors have fully complied with the required standards set out in the Model Code and its code of conduct regarding Directors’ securities transactions during the year.

Senior Management and Staff’s Securities Transactions

The Company has adopted rules for those senior managers and staff who are more likely to be in possession of unpublished inside information or other relevant Group’s information based on the Model Code (the “Dealing Rules”). These senior managers and staff have been individually notified and provided with a copy of the Dealing Rules.

Having made specific enquiry, the Board confirms that all senior managers and staff who have been notified and provided with the Dealing Rules have fully complied with the required standards set out in the Dealing Rules during the year except that one senior manager traded in the Company’s securities during an eligible period prior to the receipt of the written approval from the Company. The senior manager was given a letter explaining the gravity of such a breach of the Dealing Rules and was reminded that prior written approval must be received before such transactions can proceed.

Auditor’s Remuneration

Remuneration paid to the Group’s external auditor, for services provided for the year ended 31 December 2020 is as follows:

Audit	Non-audit	US\$’000
		Total
762	61	823

Shareholders' Rights

Each of the following procedures are subject to the Company's bye-laws, the Bermuda Companies Act 1981 and applicable legislation and regulation.

1. Procedures for Shareholders to make proposals at general meeting other than a proposal of a person for election as a director

- Shareholder(s) holding (i) not less than one-twentieth of the total voting rights of all Shareholders having the right to vote at the general meeting; or (ii) not less than 100 Shareholders, can submit a written request stating the resolution intended to be moved at an annual general meeting ("AGM") of the Company; or a statement of not more than 1,000 words with respect to the matter referred to in any proposed resolution or the business to be dealt with at a particular general meeting.
- The written request/statements must be signed by the Shareholder(s) concerned and deposited at the Company's registered office* and its principal office* for the attention of the Company Secretary not less than six weeks before the AGM in the case of a requisition requiring notice of a resolution and not less than one week before the general meeting in the case of any other requisition.
- If the written request is in order, the Company Secretary will ask the Board (i) to include the resolution in the agenda for the AGM; or (ii) to circulate the statement for the general meeting, provided that the Shareholder(s) concerned have deposited a sum of money reasonably determined by the Board sufficient to meet the Company's expenses in giving effect thereto.

2. Procedures for Shareholders to propose a person for election as a director

- A Shareholder who is duly qualified to attend and vote at the general meeting convened to deal with appointment/election of director(s) can deposit a written notice at the Company's principal office* for the attention of the Company Secretary to propose a person (other than that Shareholder) for election as a director at that meeting.
- The written notice must be signed by the Shareholder concerned, stating the full name of the person proposed for election as a director, his/her biographical details as required by the Listing Rules, and that person depositing a signed written notice at the Company's principal office* for the attention of the Company Secretary indicating his/her willingness to be elected.
- The period for lodgment of such a written notice will commence on the day after the despatch of the notice of the general meeting and end no later than 7 days prior to the date of such general meeting. If the notice is received less than 15 business days prior to that general meeting, the Company may consider adjournment of the general meeting where appropriate.

3. Procedures for Shareholders to convene a special general meeting ("SGM")

- Shareholders holding, at the date of deposit of the requisition, not less than one-tenth of the paid-up capital of the Company carrying the right of voting at general meetings of the Company shall have the right, by written requisition (stating the purpose of the general meeting and signed by the Shareholder(s) concerned) sent to the Company Secretary at the Company's registered office* and principal office* to require a SGM to be called by the Board to transact a specified business in such requisition; and such meeting shall be held within two months after the deposit of such requisition.
- If the requisition is in order, the Company Secretary will ask the Board to convene a SGM in accordance with applicable legal and regulatory requirements.

Enquires of the above may be addressed in writing to the Company Secretary at the principal office* or by e-mail to companysecretary@pacificbasin.com.

Remuneration Report

Introduction

The Group's remuneration policies and amounts for all employees including Executive Directors and Non-executive Directors are set out in this report. Information on pages 51 to 52 comprise the audited parts of the Remuneration Report and form an integral part of the Group's financial statements. The Group employed a total of 343 shore-based staff at 31 December 2020 (2019: 345) and over 4,100 seafarers during the year (2019: 3,900).

Group's Remuneration Policy

The Board, through the Remuneration Committee, seeks to attract and retain personnel with the skills, experience and qualifications needed to manage and grow the business successfully. We achieve this by providing remuneration packages, including bonuses, which are competitive, consistent with market practice, and reward performance and align employees and shareholders' interests.

The Board has taken into consideration a number of relevant factors when considering remuneration adjustments and annual bonuses, such as making reference to the prevailing market conditions, local market practice, salaries paid by comparable companies, the levels of emolument of existing staff of the Company, job responsibilities, duties and scope, performance of individuals and the market demand for their skills. The business of shipping is highly cyclical and therefore imposing straight financial measures for both salary adjustments and bonus determination would likely provide less meaningful and less predictable incentives and, as such, is not considered appropriate. The Board seeks to obtain a balance of all the above mentioned factors.

Discretionary equity awards by way of restricted share awards are provided through the Company's Share Award Scheme which is designed to provide Executive Directors and other employees with long-term financial benefits that are aligned to and consistent with the creation of shareholder value as an incentive and recognition for their contribution to the Group. The number of share awards granted each year is based on the performance, role and responsibilities of the individual eligible participant and approved by the Remuneration Committee.

The Group's principal retirement benefit scheme is the Mandatory Provident Fund Scheme, a defined contribution scheme provided under the Hong Kong Mandatory Provident Fund Schemes Ordinance for those staff employed under the jurisdiction of the Hong Kong Employment Ordinance. Other locations provide pension contributions in line with the local regulations. Key components of remuneration are set out below.

Key Remuneration Components	Executive Directors and All Employees	Non-executive Directors
Fixed based salary	Salaries are reviewed annually taking into account prevailing market conditions and local market practice, as well as the individual's role, duties, experience, responsibilities and performance	No
Annual discretionary cash bonus	Discretionary cash bonuses are determined based on the overall performance of the individual and the Group. Bonuses for Executive Directors and certain higher paid employees are assessed by the Remuneration Committee and those of all other staff are assessed by the Chief Executive Officer. Bonuses to Executive Directors and other employees are expected to be no more than 12 months' salary equivalent	No
Long-term equity award	Discretionary awards are determined based on the performance, role and responsibilities of eligible participants. Awards typically vest annually over a three year period. New Awards for existing awardees are considered each year by the Remuneration Committee to maintain the incentive period, in which case they vest at the end of the third year	No
Retirement benefit	In line with local legislation and market practice	No
Fixed annual director's fee	No	In line with market practice

Accounting Policies on Employee Benefits

Bonuses

The Group recognises a liability and expense for bonuses when there is a contractual or constructive obligation or where there is a past practice that created a constructive obligation.

Retirement Benefit Obligations

Mandatory Provident Fund Scheme

The Group operates the Mandatory Provident Fund Scheme (the "MPF Scheme") under the Hong Kong Mandatory Provident Fund Schemes Ordinance for those employees employed under the jurisdiction of the Hong Kong Employment Ordinance. The MPF Scheme is a defined contribution scheme, the assets of which are held in separate trustee administered funds.

Under the MPF scheme, the employer and its employees are each required to make regular mandatory contributions to the scheme at 5% of the employees' relevant income, subject to a cap of monthly relevant income of HK\$30,000. The Group also makes voluntary contribution in addition. The Group's contributions to the scheme are expensed as incurred. When employees leave the scheme prior to the full vesting of the employer's voluntary contributions, the amount of forfeited contributions is used to reduce the contributions payable by the Group.

Other Defined Contribution Schemes

The Group also operates a number of defined contribution retirement schemes outside Hong Kong in accordance with local statutory requirements. The assets of these schemes are generally held in separate administered funds and are generally funded by payments from employees and by the relevant group companies. The Group's contributions to these defined contribution retirement schemes are expensed as incurred and are reduced by contributions forfeited by those employees who leave the schemes prior to their contributions being fully vested.

Share-based Compensation

The Group operates an equity-settled, share-based compensation scheme. Restricted share awards are recognised as an expense in the income statement with a corresponding credit to reserves, based on the fair value of the shares. The total amount to be expensed is calculated by reference to the fair value of the equity instruments on the grant date, excluding the impact of any non-market vesting conditions (for example, requirement of an employee to remain in employment for a specified time period). The number of equity instruments that are expected to vest takes into account non-market assumptions, including expectations of an employee remaining in the Group during the vesting period. The total amount expensed is charged through the vesting period. The Company reviews its estimates of the number of equity instruments that are expected to vest based on the non-market vesting conditions if necessary. It recognises the impact of the revision of the original estimates, if any, in the income statement with a corresponding adjustment to equity.

The grant of share-based compensation by the Company to the employees of subsidiary undertakings in the Group is treated as a capital contribution by the Company to the subsidiaries. The fair value of employee services received, measured by reference to the fair value of the shares on the grant date is recognised over the vesting period as an increase in investment in the subsidiary undertakings, with a corresponding credit to equity in the Company's account. In the accounts of the subsidiaries, such fair value is recognised as an expense in the income statement with a corresponding credit to reserve.

Report of the Directors

The Directors have pleasure in submitting their report together with the audited financial statements of the Company and its subsidiaries (collectively the “Group”) for the year ended 31 December 2020.

Principal Activities, Analysis of Operations, Business Review and Financial Summary

The principal activity of the Company is investment holding. The Company’s principal subsidiaries (set out in Note 32 to the financial statements) are engaged in the ownership and international operation of modern Handysize and Supramax dry bulk ships. In addition, the Group is engaged in the management and investment of the Group’s cash and deposits through its treasury activities.

The business review of the Group for the year ended 31 December 2020 is set out on pages 1 to 19 of this Annual Report. A summary of the results and of the assets and liabilities of the Group for the last five financial years is set out in the “Group Financial Summary” section of this Annual Report. A brief introduction of the Group’s sustainability efforts for the year ended 31 December 2020 is set out in the “Sustainability Highlights” section of this Annual Report and a comprehensive Sustainability Report 2020 is available on our website.

Results and Appropriations

The results of the Group for the year are set out in the consolidated income statement on page 61. In view of the Group’s reported net loss for the year ended 31 December 2020, the Board recommends not to pay out a dividend.

Distributable Reserves

Distributable reserves of the Company at 31 December 2020, calculated in accordance with the Companies Act 1981 of Bermuda, amounted to US\$9.9 million.

Donations/Sponsorships

Charitable and other donations and sponsorships made by the Group during the year amounted to US\$39,000.

Share Capital and Pre-emptive Rights

Movements in the share capital of the Company are set out in Note 24 to the financial statements.

During the reporting year, a total of 74,979,762 ordinary shares were issued which include (i) an aggregate of 51,793,762 shares issued to Helmstar Shipping S.A. and Ever Bright Shipping S.A. and Keishin Kaiun Co., Ltd. in March 2020 as partial consideration upon delivery of their two vessels to the Group pursuant to the vessel acquisition contracts entered into and announced by the Company in September 2019; and (ii) 23,186,000 shares issued in March 2020 to fulfil the granting of the Company’s restricted awards under the Company’s 2013 Share Award Scheme.

There is no provision for pre-emptive rights under the Company’s Bye-laws and there is no restriction against such rights under Bermuda Law.

Convertible Bonds

Details of the convertible bonds issued by the Group are set out in Note 22(b) to the financial statements.

Purchase, Sale or Redemption of Securities

Other than for satisfying restricted awards granted under the Company’s 2013 Share Award Scheme, neither the Company nor any of its subsidiaries has during the year purchased, sold or redeemed any of the share capital or convertible bonds of the Company.

2013 Share Award Scheme (“SAS”)

The current SAS was adopted by the Board on 28 February 2013 and has an effective term of 10 years. It is a single share award scheme under which no share options can be granted.

The SAS enables the Company to grant share awards or unit awards (“Awards”) to eligible participants, being principally Executive Directors and employees, as an incentive and recognition for their contribution to the Group.

Maximum Number of Shares

The total number of shares which may be or already have been issued by the Company or transferred to the trustee of the SAS in satisfaction of the Awards granted under the SAS must not, in aggregate, exceed 10% of the issued share capital of the Company as at the first date of each financial year during the term of the SAS (equivalent to 478,887,127 shares as at 1 January 2021). There were 77,209,000 unvested restricted awards under the SAS which represents 1.61% of the issued share capital of the Company as at 25 February 2021.

Vesting of Awards

Awards typically vest annually over a three year period. New Awards for existing awardees are considered each year by the Remuneration Committee on a discretionary basis to maintain the incentive period, in which case they vest at the end of the third year.

Limit for Each Eligible Participant

The maximum number of shares for any specific eligible participant which may be subject to an Award or Awards at any one time shall not in aggregate exceed 1% of the issued share capital of the Company as at the first date of the relevant financial year of the Company.

New Shares to be Issued

Apart from the Awards which are to be purchased from the market for the connected persons of the Company, the number of shares to satisfy grant of Awards (if comprising new shares) can be allotted and issued by the Board by utilising the general mandate granted to them by the shareholders. The Company will apply to the Stock Exchange for permission to list and to deal in those new shares to be issued as soon as practicable after any grant of Awards.

Procedure of Granting Restricted Awards

The Board entered into a trust deed to appoint a trustee to administer Awards under the SAS and to constitute a trust to hold property transferred by the Company to the trustee (which shall include cash or shares) in order to satisfy grants of Awards. At the direction of the Board, the trustee shall either subscribe for new shares at the relevant benchmarked price as stipulated in the Listing Rules from the Company or acquire existing shares in the market in accordance with the rules of the SAS. The Remuneration Committee administers and oversees the SAS. Their review and approval is required prior to the granting of Awards to any eligible participants.

Investor Relations

Creating Value for Shareholders

We seek to provide the investor community and other stakeholders with relevant regular news about Pacific Basin so they have comprehensive information about our business, strategy and performance with which to assess the Group's value

We are social distancing during Covid-19, but we don't let that interfere with our business or our engagement with stakeholders. In April 2020, we organised a virtual call to explain the new TCE reporting presentation with analyst. In September 2020, we held our first virtual Investor Day. We presented and answered questions about our customer-focused business model, the dry bulk market and challenges during the Covid pandemic, and commercial and technical management of our owned ships. It was a great opportunity to convey a deeper understanding of our business and engage online with many investors around the world.

During the year, we received six awards for investor relations and corporate governance including Best IR Company and Best Annual Report in our region and sector. We are grateful for all these votes of confidence cast by the investment community in recognition of our commitment to transparent and responsible business practices and accountability to our shareholders.
