Dear Sir or Madam

**DISCLOSEABLE TRANSACTIONS:
SALE OF THREE VESSELS AND
TIME CHARTER BACK OF THOSE THREE VESSELS**

INTRODUCTION

On 21 May 2007, the Directors announced that three indirect wholly-owned subsidiaries of the Company entered into the MOAs with the MOA Purchasers to sell to them three handysize vessels, namely "Port Pirie" (Vessel A), "Ocean Falls" (Vessel B) and "Hawk Inlet" (Vessel C) (collectively the "Vessels"), for a consideration of US\$24,000,000 (approximately HK\$187,200,000) each. The total consideration for the Vessels is US\$72,000,000 (approximately HK\$561,600,000). The total disposal gains for the Vessels are estimated to be about US\$22,185,000 (approximately HK\$173,043,000).

Principal terms of the MOAs are set out below in this circular.

In addition, subsequent to the signing of the MOAs, an indirect wholly-owned subsidiary of the Company, being the charterer, will enter into three time charterparties with respective MOA Purchasers to charter Vessel A, Vessel B and Vessel C respectively, back

LETTER FROM THE BOARD OF DIRECTORS

into the Company's chartered fleet at agreed charter rates for a fixed period of three years commencing immediately upon the respective delivery of the Vessels. The Company currently expects that all three charterparties will be finalised and signed by June 2007.

None of the three time charterparties constitutes a discloseable transaction of the Company under the Listing Rules.

The sale of the Vessels will enable the Company to release three of the older vessels from its fleet. The simultaneous time charter of the Vessels back into the Company's chartered fleet for three years allows the Company to retain commercial control and hence the earnings over the Vessels during the charter period. These transactions are also consistent with the Company's strategy of maintaining a modern handysize fleet.

The sale will generate cash which is intended to be used for general working capital and for funding any investment projects that the Company may enter into in the future should suitable opportunities arise. The dividend policy of the Board remains to pay out at least 50% of the Company's earnings each year, which includes earnings derived from disposal gains.

The transaction contemplated under each of the MOAs, if not aggregated with each other, does not constitute a discloseable transaction of the Company under the Listing Rules. However, as the ultimate beneficial owner of the MOA Purchasers is the same, the three transactions, when aggregated, constitute discloseable transactions of the Company under the Listing Rules.

This document constitutes the circular which the Company is required to send to you pursuant to the Listing Rules in relation to the transactions contemplated under the MOAs.

BACKGROUND OF THE TRANSACTIONS

On 21 May 2007, three indirect wholly-owned subsidiaries of the Company entered into the MOAs with three different subsidiaries of Tsangaris Bros. Ltd., to sell to them three 1997 built handysize vessels, namely "Port Pirie" (Vessel A), "Ocean Falls" (Vessel B) and "Hawk Inlet" (Vessel C) (collectively the "Vessels") respectively, for a consideration of US\$24,000,000 (approximately HK\$187,200,000) each. The total consideration for the Vessels is US\$72,000,000 (approximately HK\$561,600,000).

In addition, subsequent to the signing of the MOAs, an indirect wholly-owned subsidiary of the Company, being the charterer, will enter into three time charterparties with respective MOA Purchasers to charter Vessel A, Vessel B and Vessel C respectively, back into the Company's chartered fleet at agreed charter rates for a fixed period of three years commencing immediately upon the respective delivery of the Vessels.

As previously disclosed in our circular dated 23 December 2005, "Port Pirie" (Vessel A) has been in our chartered fleet pursuant to the terms of the bareboat charterparty dated 7 December 2005. Under the bareboat charterparty, our indirect wholly-owned subsidiary, Pacific Basin Chartering (No.16) Limited has been granted an option to re-purchase Vessel A at any time during the 10-year charter period. In order to resume ownership over Vessel A

LETTER FROM THE BOARD OF DIRECTORS

for subsequent sale under the First MOA, Pacific Basin Chartering (No.16) Limited will exercise the option to repurchase Vessel A on or around the date of the First MOA, resulting in a repayment of the associated finance lease liabilities of approximately US\$15,200,000 (approximately HK\$118,560,000). The exercise of the option to repurchase Vessel A will not constitute a discloseable transaction of the Company under the Listing Rules.

Principal terms of the MOAs and the time charterparties are set out below.

THE MOAs

The MOAs are legally binding, of broadly similar terms and conditions and are described below:

Date : 21 May 2007

Parties : Purchasers: Three different subsidiaries of Tsangaris Bros. Ltd. to be nominated as the respective purchaser for the First MOA (as the “First MOA Purchaser”), for the Second MOA (as the “Second MOA Purchaser”), and for the Third MOA (as the “Third MOA Purchaser”) (collectively the “MOA Purchasers”), all of which, to the best of the Directors’ knowledge, information and belief having made all reasonable enquiry, together with Tsangaris and the ultimate beneficial owner of the MOA Purchasers, are not connected persons (as defined in the Listing Rules) of the Company and are third parties independent of the Company and connected persons (as defined in the Listing Rules) of the Company. As far as the Directors are aware, having made all reasonable enquiry, the principal business activity of the MOA Purchasers will be the owning and operating of the Vessels and the principal business activity of Tsangaris is the owning and operating of shipping vessels.

LETTER FROM THE BOARD OF DIRECTORS

To the best of the Directors' knowledge, information and belief, having made all reasonable enquiry, save for the transactions disclosed in this circular, the Company has not entered into any transaction with each of the MOA Purchasers or Tsangaris or with parties connected or otherwise associated with one another and there are no other relationships amongst the MOA Purchasers or Tsangaris or their ultimate beneficial owner with whom the Company has entered into transactions to acquire, dispose of, or charter in vessels during the 12 months prior to the date of the MOAs.

Sellers: Pacific Basin Chartering (No.16) Limited, for the First MOA;

Ocean Falls Limited, for the Second MOA; and

Hawk Inlet Limited, for the Third MOA,

each being an indirect wholly-owned subsidiary of the Company.

Assets to be sold : First MOA: A 1997 built handysize dry bulk carrier of 28,585dwt, named "Port Pirie" ("Vessel A").

Second MOA: A 1997 built handysize dry bulk carrier of 27,827dwt, named "Ocean Falls" ("Vessel B").

Third MOA: A 1997 built handysize dry bulk carrier of 27,802dwt, named "Hawk Inlet" ("Vessel C").

The flag of the Vessels is presently Hong Kong and the place of registration is Hong Kong. The Classification Society of the Vessels is Lloyd's Register of Shipping.

Net profits attributable to the Vessels : Vessel A: US\$2,501,000 (approximately HK\$19,507,800) and US\$799,000 (approximately HK\$6,232,200) for the years ended 31 December 2005 and 31 December 2006, respectively (audited figures).

Vessel B: US\$1,598,000 (approximately HK\$12,464,400) for the period from 22 May 2006 (being the date of delivery of Vessel B to the Company) to 31 December 2006 (audited figures).

LETTER FROM THE BOARD OF DIRECTORS

Vessel C: US\$1,444,000 (approximately HK\$11,263,200) for the period from 9 June 2006 (being the date of delivery of Vessel C to the Company) to 31 December 2006 (audited figures).

There is no taxation on the net profits attributable to the Vessels.

Carrying values of the Vessels : In the Company's unaudited accounts, the carrying values of the Vessel A, Vessel B and Vessel C were approximately US\$16,052,000 (approximately HK\$125,205,600), approximately US\$16,843,000 (approximately HK\$131,375,400) and approximately US\$16,920,000 (approximately HK\$131,976,000), respectively, as at 21 May 2007.

Consideration : Vessel A: US\$24,000,000 (approximately HK\$187,200,000);
Vessel B: US\$24,000,000 (approximately HK\$187,200,000);
and
Vessel C: US\$24,000,000 (approximately HK\$187,200,000).

The total consideration for the Vessels is US\$72,000,000 (approximately HK\$561,600,000). Such consideration was determined by reference to market intelligence the Company has gathered from shipbrokers and its own analysis of recently concluded sale and purchase transactions of vessels of comparable size and year of build in the market, and after arm's length negotiation between the parties. However, as is commonly the case in the dry bulk carrier market, there have not been any recently published sales by third party vendors of vessels of the exact age and size of the Vessels from which to make a direct comparison. In addition, no third party valuation has been performed on the Vessels.

The Directors believe that such consideration, which was determined after arm's length negotiation, on normal commercial terms, is fair and reasonable so far as the Company and the Shareholders are concerned and is in the interests of the Company and the Shareholders as a whole.

Payment terms : Under the MOAs, the consideration for the sale of the Vessels shall be receivable in the following manner:

- 10% of the consideration (being the deposit) shall be received at the time of signing the MOAs; and
- The balance of the consideration shall be received in full upon the respective delivery of the Vessels.

LETTER FROM THE BOARD OF DIRECTORS

Completion and delivery : Pursuant to the First MOA, the latest date of completion for Vessel A is 15 August 2007 unless the parties otherwise agree. The Directors currently expect that the completion and delivery of Vessel A will take place within the third quarter of 2007 and prior to 15 August 2007.

Pursuant to the Second MOA and the Third MOA, the latest date of completion for Vessel B and Vessel C is 31 July 2007 and 15 July 2007, respectively, unless the parties otherwise agree. The Directors currently expect that the completion and delivery of Vessel B and Vessel C will take place during June and July 2007.

Expected disposal gains : The estimated gains that are expected to accrue to the consolidated income statement of the Company in the financial year ending 31 December 2007 in respect of Vessel A, Vessel B and Vessel C are US\$7,948,000 (approximately HK\$61,994,400), US\$7,157,000 (approximately HK\$55,824,600) and US\$7,080,000 (approximately HK\$55,224,000), respectively. The estimated gains are calculated as the difference between the sale consideration of the Vessels and their respective approximate carrying values in the Company's unaudited accounts as at 21 May 2007.

Application of sale proceeds : The Company intends to retain the sale proceeds of the Vessels for general working capital and for funding investment projects that the Company may enter into in the future should suitable opportunities arise. The dividend policy of the Board remains to pay out at least 50% of the Company's earnings each year, which includes earnings derived from disposal gains.

As of the Latest Practicable Date, the Company has not entered into any negotiations or agreements in relation to the above investment initiatives. In the event that the Company enters into any such agreements, it will comply with the relevant requirements under the Listing Rules.

THE TIME CHARTERPARTIES

In addition, subsequent to the signing of the MOAs, an indirect wholly-owned subsidiary of the Company, being the charterer, will enter into three time charterparties with the First MOA Purchaser, the Second MOA Purchaser and the Third MOA Purchaser to respectively charter Vessel A, Vessel B and Vessel C back into the Company's chartered fleet at agreed charter rates for a fixed period of three years commencing immediately upon the respective delivery of the Vessels. The Company does not have the option to re-purchase the Vessels during or at the end of the charter period. The Company currently expects that the three charterparties will be finalised and signed by June 2007.

LETTER FROM THE BOARD OF DIRECTORS

The time charter rates of the Vessels were determined after arm's length negotiation, on normal commercial terms and by reference to the type of Vessels. These time charter rates are considered to be competitive as compared with the current market time charter rates.

The time charterparties are separate agreements to the MOAs and they are not interconditional. The transactions to time charter the Vessels back will be classified as operating leases in accordance with the Hong Kong Accounting Standard No. 17 "Leases". As the entering into of these operating leases do not represent a 200% or more increase in the scale of the Company's existing operations conducted through lease arrangements of such kind, the time charterparties do not constitute discloseable transactions of the Company under Rule 14.04(1)(d) of the Listing Rules.

Financial Effects of the Sale and Time Charter Back of the Vessels

Following the disposal and delivery of the Vessels, the Group's fixed assets (owned vessels) will decrease by the carrying values of the Vessels of approximately US\$49,815,000 (approximately HK\$388,557,000). Current liabilities and long-term liabilities are expected to decrease by approximately US\$970,000 (approximately HK\$7,566,000) and approximately US\$14,230,000 (approximately HK\$110,994,000) respectively, representing the associated finance lease liabilities to be repaid upon exercising the option to repurchase Vessel A. Current assets are expected to increase by approximately US\$56,800,000 (approximately HK\$443,040,000), representing the net sale proceeds receivable by the Company after repaying the finance lease liabilities in respect of Vessel A. The sale of the Vessels will also result in disposal gains of approximately US\$22,185,000 (approximately HK\$173,043,000) in the consolidated income statement of the Company for the financial year ending 31 December 2007. The transactions to time charter the Vessels back will be classified as operating leases with the charter-hire payments to be accounted for as operating lease expenses during the three-year charter period in accordance with the Hong Kong Accounting Standard No. 17 "Leases".

The sale and time charter back of the Vessels will not have any effect upon the number of handysize revenue days nor have a significant effect upon the earnings of the Group during the three-year charter period.

REASONS FOR THE TRANSACTIONS

The Company is one of the world's leading dry bulk shipping companies operating principally in the Asia Pacific region. It has been seeking opportunities to acquire additional handysize and handymax vessels to expand its fleet to meet growing customer demand and to deliver sustainable growth and long-term shareholder value. With a large fleet of modern vessels, Pacific Basin seeks to offer its customers a reliable service with a high degree of scheduling flexibility whilst maintaining the Company's operational efficiency.

The sale of the Vessels will enable the Company to release three of the older vessels from its fleet. The simultaneous time charter of the Vessels back into the Company's chartered fleet for three years allows the Company to retain commercial control and hence the earnings over the Vessels during the charter period. The transactions contemplated under the MOAs are also consistent with the Company's strategy of maintaining a modern handysize fleet.

LETTER FROM THE BOARD OF DIRECTORS

The sale will generate cash which is intended to be used for general working capital and for funding any investment projects that the Company may enter into in the future should suitable opportunities arise. The dividend policy of the Board remains to pay out at least 50% of the Company's earnings each year, which includes earnings derived from disposal gains.

The Directors believe that the terms of the MOAs, which were determined after arm's length negotiation, on normal commercial terms, are fair and reasonable so far as the Company and the Shareholders are concerned, and the sale and time charter back of the Vessels are in the interests of the Company and the Shareholders as a whole.

THE FLEET

Handysize Fleet

Following the completion and delivery of the Vessels from the owned fleet to the chartered fleet and the completion of the vessel sale and purchase transactions as announced in our trading activities update dated 26 April 2007, the Company's core handysize fleet will comprise 60 vessels (1,746,792dwt), including 19 owned vessels (568,743dwt), 37 chartered-in vessels (1,075,869dwt) and four managed vessels (102,180dwt). All handysize vessels, except one (28,730dwt), are employed in a mixture of voyage charters and time charters through the IHC Pool. Outside the core handysize fleet, the IHC Pool also operates a number of short-term chartered-in vessels, amounting to six vessels as at the Latest Practicable Date.

In addition, the Company has 13 newbuilding vessels on order (approximately 407,100dwt in aggregate), three of which are scheduled to deliver in 2007, four in 2008 and six in 2009. Out of these newbuilding vessels, 12 vessels will enter into the Company's owned fleet and one vessel will enter into the Company's chartered fleet upon their respective deliveries.

Handymax Fleet

Following the delivery of two vessels within 2007 which we have entered into agreements to charter in them on long-term basis, the Company's core handymax fleet comprises nine vessels (454,409dwt), including two owned vessels (97,972dwt) and seven long-term chartered-in vessels (356,437dwt). All handymax vessels, with the exception of two vessels (107,194dwt) which are employed on long-term time charters, are employed in a mixture of time charters and voyage charters through the IHX Pool. Outside the core handymax fleet, the IHX Pool also operates a number of short-term chartered-in vessels, amounting to 20 vessels as at the Latest Practicable Date.

LETTER FROM THE BOARD OF DIRECTORS

In addition, the Company has two newbuilding vessels on order (approximately 107,500dwt in aggregate), one of which will enter into the Company's chartered fleet within 2007 and the other will enter into the Company's owned fleet in 2008 upon their deliveries.

There is no distinction between the use of owned, chartered-in and managed vessels, save to the extent that the Company generates freight and charter-hire income for the owned and chartered-in vessels, but generates ship management income for the operations of the managed vessels.

As the ultimate beneficial owner of the MOA Purchasers is the same, the transactions contemplated under the MOAs, only when aggregated, constitute discloseable transactions of the Company under the Listing Rules. This document constitutes the circular which the Company is required to send to you pursuant to the Listing Rules in relation to the transactions contemplated under the MOAs.

Your attention is also drawn to the additional information set out in the Appendix to this circular.
